Our full range of designs can be viewed on our website – www.tudoruniforms.com.au – where you can also “design your own” polo to easily create your school’s custom polo.

COLLARS

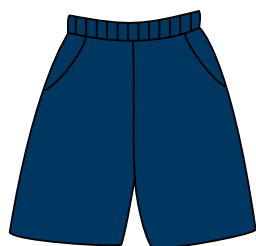

You can choose from a fabric collar to match the fabric of your polo, or a knitted collar. A knitted collar is our most popular option and allows you to be creative with colours, stripes, letters and shapes.

Our team are here to assist with any of your design requirements – please call the office today.

We love the tricky stuff here are Tudor Uniforms and would welcome the opportunity to assist you with Specialty Uniform Garments that require attention to detail.

SUBLIMATION

The sublimation process impregnates dye directly into the fabric, creating vibrant, long lasting colours without panels. Our 100% Australian made polyester fabric (different weights available) is durable, easy care with a wicking effect that makes the wearer feel cooler.

Sublimation works very well for an everyday school polo as well as Year 6 and Performing Arts Polos and we have many designs and accompanying artwork to choose from or you can design your own. Either way the result is a unique look for these special garments. We are happy to provide whatever "mock up" graphics you require.

Sublimated sports singlets, crop tops and rugby jerseys are also available. Just ask and we will be able to help.

PANELLED PERFORMING ARTS POLOS

By adding special artwork to panelled polos, we can create a new look for your Performance Groups. We have many artwork designs to choose from or you can once again submit your own design.

HATS

We supply many different styles of hats in all the school colours and can also custom make in different colours if required.

WINTER GARMENTS

Our range of winter garments is available in fleecy, polar fleece, rugby and peachskin microfibre fabrics.

The majority of our fleecy garments are made using a 260 GSM polycotton fabric which is low pill and available in over 20 colours. However, we can also supply a heavier weight fleecy for the cooler climates. An alternative to a traditional fleecy garment is the rugby top, which is available in both polycotton and cotton rugby knit. Almost all our polo tops can be made in a rugby fabric as well.

The peachskin microfibre is a light weight, yet water repellent fabric and is great option for a more formal look for winter and specifically used in tracksuit tops and pants.

All our winter garments can be enhanced with add-on's including zips in pockets and ankles, striped rib trim along cuffs and waistbands, or contrasting colour stripes on sleeves and track legs.

Our most popular garments include the crew-neck fleecy (also available as a v-neck), the basic hoodie, zip jacket (with or without a hood), vest, fleecy cardigan, and the basic polo in a fleecy fabric.

All our tops can be teamed with co-ordinated trackpants and/or bootlegs.

PRINT & EMBROIDERY

All our garments can be printed or embroidered on the front and/or back, along panels or on sleeves. Simply supply us with your school logo, or any other artwork design, in JPG format, and we will take care of the rest.

SIZING

Our garments are available in a range of sizes suitable for Prep students right through to Senior students. However, as all our garments are custom made, we have some flexibility with shortening, or lengthening your garment as required. Full details of our size specifications can be found on our website.
